Members in the Spotlight

New Member Introduction: Kelly Mackey, doTERRA

Kelly Mackey is a local doTERRA wellness advocate. DoTERRA international is a health and wellness company. They offer not only their famous essential oils but also a wide variety of nutritional and dietary supplements to help support your body.

Essential oils are great additions to help keep your family protected against environmental threats as well as offer emotional support to your body. They can be used in a variety of ways such as cleaning, cooking, and for aromatherapy just to name a few.

Kelly teaches classes once a month at the Greene County Fairgrounds and is getting ready to kick off the new session in August of the Thankful Thursdays classes. Each class features different essential oils and education about those oils. We also offer a make and take item that is included with the \$5 entrance fee. At each class you have the opportunity to have an ITOVi scan which scans your body to see what oils your body is most receptive to at the time of the scan. If interested in these classes please call the Greene County Parks and recreation office at 724-852-5323 to register.

Kelly also is the designer of the Carpenter Bracelet, an inspirational Christ Centered aromatherapy bracelet. The bracelet offers a unique way to receive the benefits of aromatherapy while wearing the bracelet. Carpenter bracelets can be ordered by calling or emailing Kelly directly.

Individual one on one wellness appointments are available by calling Kelly at 724-998-0517 or sending an email out to kellymackey13@gmail.com. You can also schedule a class in your home or other location of your choosing and will receive a free gift for doing so.

EQT Sends Local First Responders to Fire and Hazard Training Program

EQT Corporation recently sponsored participants from local emergency services to attend the 2019 Williams Fire and Hazard Control: Xtreme Fire and Hazard Training Program in College Station, TX, for a week-long program. They participated in hands-on training to extinguish fuel-fed fires in a controlled environment, worked with fire-fighting foam to achieve vapor suppression and extinguishment on tank fires, and learned how to move large volumes of water and foam to extinguish industrial fires.

EQT is committed to providing a safe environment for communities located near EQT operations, and we wanted to support these brave first responders as they sharpen the skills needed to protect life, property and the environment. This experience will have long lasting and measurable positive impacts for EQT, our neighboring communities, and the first responders who attended.

EQT sponsored 11 participants in all from Allegheny, Greene and Washington Counties, PA; Belmont County, OH; and Wetzel County, WV.
