Members in the Spotlight

Longtime director retires from First Federal of Greene County's Board

Henry T. Cochran, longtime member of the Board of Directors of First Federal Savings and Loan Association of Greene County, recently announced his retirement from the Board. During its Jan. 13 regular meeting, the Board recognized the service of Cochran, who became a Director in February 1972 and officially retired last June.

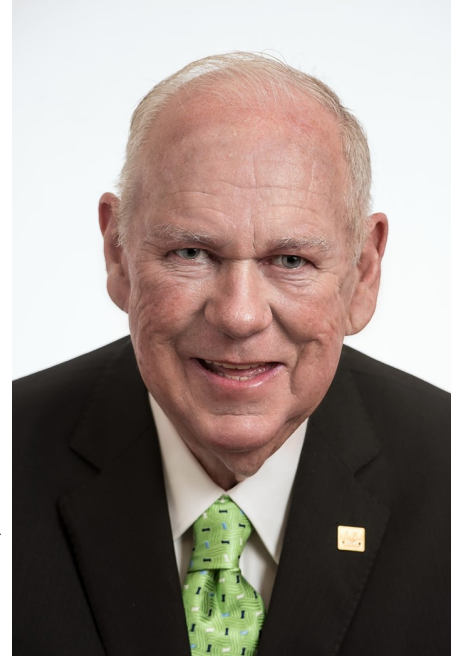

"It has been an honor and a privilege to serve First Federal for 47-plus years," Cochran said. "Being part of First Federal's phenomenal growth, prosperity and service to the community has been an extremely rewarding journey. Even more rewarding, however, is the chance I have had to associate with so many wonderful people along the way. I consider everyone at First Federal to be part of my very own family, and I cherish every memory."

Originally a well-known cattle farmer from Fayette County, Cochran was named to the Board Feb. 28, 1972, at the age of 33. During Cochran's nearly 50-year tenure, the Association grew from two offices in Waynesburg and Uniontown to a total of nine offices in Greene, Fayette and Washington counties in Pennsylvania and Monongalia County in West Virginia. At the time of Cochran's appointment, First Federal of Greene County's assets were approximately \$75 million; today, the Association's assets stand at \$938 million.

Cochran and his wife, Dorothy, reside in Dawson and still maintain the 500-acre family farm. The couple has two children, Hank Cochran of Sewickley and Laura Wolford of Virginia, and two grandsons, Benjamin and Ryan Cochran.

The Board of Directors officially accepted Cochran's retirement in May 2019 and named him Director Emeritus, a position also held by former Association Presidents and Board Chairmen Scott S. O'Neil and the late James L. Brewer.

Also during its Jan. 13, 2020, regular meeting, the Board appointed Association CEO/Secretary Charles W. Trump, Jr., to fill the rest of Cochran's term. Trump joins the Board of Directors after being named CEO last January and serving seven years as a vice president, overseeing the areas of deposit operations, marketing and security. Trump and his wife, Shelly, reside in Fairchance and have two daughters, Elizabeth and Kimberly, and a son-in-law, Luke.

PFEW Seeks Sponsorships for Students

The Foundation for Free Enterprise Education encourages local companies and organizations to provide sponsorship for students to attend the 2020 Pennsylvania Free Enterprise Week (PFEW). Every student attends PFEW on a fully tax-deductible \$625 scholarship.

The scholarships are provided by local firms, foundations, civic organizations, or individuals who support the development of leadership, ethics, self-esteem among students as they prepare for the future.

Thank you to First Federal Savings & Loan Association of Greene County and the Rotary Club of Waynesburg for their scholarship contribution to PFEW and their support of building a better future for local students.

**Fayette Chamber
of Commerce**

January 14, 2020

Greetings!

Over the past five years, the Fayette Chamber of Commerce has worked diligently with local businesses, organizations, and individuals on ways to build our workforce and to keep more of our young people here to work, raise their families, and thrive.

Ours is a community steeped in the traditions of the past, diverse in heritage, but woven together like a beautiful tapestry – bound by our history, with an ever-evolving design and purpose. The generations that make up our county bring with them new colors, new opportunities, and creative challenges.

We are on the precipice of a bright future, filled with technology and choices. Our region has much to offer for each and every generation in our current workforce, but we have discovered that there is much angst – an uncomfortable awkwardness between those generations. Our most experienced workers, who can be set in their ways by the standards of their generation, often find it difficult to work with the free-spirited, technology-driven younger workers. Vice versa, our younger generation often feels frustrated with the conventions of “the way it has always been done.” We know it exists – we’ve seen it firsthand.

In an effort to overcome this challenge, we set out to find a person or organization that we could bring to the area, with the experience, research, and talent to help our businesses and organizations flourish. When we found Sarah Sladek and her company, XYZ University, we knew that we found the whole package!

We've learned so much from Sarah and her team just in the months that we've spent creating this event. They are dedicated to researching the generations and then working to help teach ways for groups, churches, organizations, and businesses, to not just to survive in this changing world, but to thrive and grow. Mark your calendar now to come and learn! Meet Sarah and her fabulous team from XYZ University and unlock the doors to a successful, multi-generational workforce, church, club, organization, and overall community!

I hope to see you there!

Muriel Nuttall
Executive Director
Fayette Chamber of Commerce

“Our organization chose to work with XYZ University because their research and knowledge of Millennials and membership was better than any other organization that we explored. Their work made a tremendous impact at YMCA of the USA.”
