GREENE COUNTY UNITED WAY 2023 TRUCK GIVEAWAY WINNER CELEBRATED

Greene County United Way (GCUW) celebrated the winner of their first Truck Giveaway, Cheryl Lawrence of Carmichaels, Pennsylvania, as she took possession of her new 2022 Ford F-150 4x4 Supercrew XL. Ms. Lawrence purchased one ticket at the Greene County Fair in August.

"I don't normally buy raffle tickets, but as I was walking by their [the GCUW] booth, I told my husband I am feeling lucky," said Cheryl. And lucky she was.

Along with Cheryl and her husband Dan, attending the celebration were the Truck Raffle sponsors – Brian Wood from Fox Ford, Casey Durdines from the EQT Corporation, Heidi Jamison from Iron Senergy, Brett Shimek from Baily's Insurance Agency, and Chad Moore from First Federal Savings and Loan Association of Greene County. Also in attendance were the GCUW Board President, Joshua Dains, and the Board Treasurer, David Floyd.

"We are super excited to give Cheryl the truck", said Dains. "We sold just over 3,000 tickets all over Greene County this summer. We are very grateful to Fox Ford, EQT, Iron Senergy, Baily's Insurance, and First Federal for jumping on board with us and grateful to our community for supporting this new GCUW fundraiser".

For the first year of the Truck Giveaway, GCUW sold 3011 tickets and made a little over \$38,000 for the organization. The money raised will be invested back into the community through programs like Stuff the Bus as well as into the GCUW Community Impact Fund, which provides grants for 12 necessary neighborhood programs.

GCUW's is a 501(c)3 charitable organization whose mission is to meet the community's needs through leadership, partnership and individual growth opportunities for a better Greene County. Working with 18 local nonprofit organizations, GCUW promotes a community of support and provides assistance to our citizens – young and old – giving comfort and hope to families throughout the year.

For more information regarding the GCUW, please visit www.greencountyunitedway.org or call 724-852-1009.

SHOE SENSATION TO HOST 8th ANNUAL SOCKS FOR TROOPS FUNDRAISER

Shoe Sensation is collecting socks for members of the Military and local Veterans.

Shoe Sensation, a regional chain of name brand family shoe stores, is hosting its 8th annual "Socks for Troops" fundraiser in all of their 200+ retail locations. Last year Shoe Sensation collected over 50,000 pairs of socks and hopes to continue the success of the program in 2023. This year, each store will be collecting socks for active-duty military personnel and/or local veterans in their communities. Shoe Sensation will have military approved socks for customers to purchase and donate in-store. Customers will receive 20% off socks purchased for a donation. Shoe Sensation locations will also serve as a drop off point for customers to bring in new socks they have collected on their own. * "It has been a tough year for everyone in our communities. This is no exception for the country's military personnel. A small gesture can go a long way in providing them with comfort during the holidays. We appreciate the sacrifices of our armed forces and their families make in their personal lives to protect our safety and our countries interests. This is one way we can show our appreciation to the men and women who serve in our armed forces and to our Veterans that have served our country," says David Bateman, Community Connections Director and creator of the Socks for Troops program for Shoe Sensation.

"Socks for Troops" will begin on November 1st and Shoe Sensation will continue collecting socks until December 31, 2023. Please see details below or visit your local Shoe Sensation for details on the specific supported charity or organization. For additional information about Socks for Troops or to find a Shoe Sensation near you, visit www.shoesensation.com.

*Sock donations must be brand new and donated in its original packaging. Shoe Sensation CANNOT accept used pairs of socks or socks without its original packaging.

Socks will be donated to the local organization of the Waynesburg VFW and can be dropped off at the Shoe Sensation located in Waynesburg at 120 Greene Plaza.

Greene County and Kinetic Broadband Ribbon Cutting Event

The Greene County Chamber of Commerce, Greene County Commissioners and Kinetic by Windstream representatives held a Ribbon Cutting Ceremony on Oct 17th, 2023 at the Springhill Community Center at 10:00 am.

Along with their industry partner, Kinetic by Windstream, the Greene County Commissioners were pleased to start the physical rollout and installation of this long-awaited project. Funded by a \$2.5 million Appalachian Regional Commission (ARC) Grant and \$2.7 million capital investment by Kinetic, this project will provide gigabit speed broadband access to more than 767 currently underserved or unserved houses and businesses in the Graysville, New Freeport and Spraggs exchanges. These exchanges cover geographic areas larger than traditionally considered in the defined area of these towns and include all or portions of six townships: Aleppo, Freeport, Gilmore, Perry, Springhill and Wayne.

“This is the second of three large investments in broadband as we continue to seek opportunities to provide highspeed internet access to every resident, business and industry in the County.” said Greene County Commissioner Mike Belding. Commissioner Blair Zimmerman added, “We will continue leading the rural counties in Pennsylvania with our broadband expansion.”

Approximately 105 miles of fiber-optic cable will be installed as well as the hardware and other technical requirements offering fiber-to-the-premise service. Project construction date is estimated to begin by mid-November and be completed by mid-summer 2024.

The third investment is a CNX Foundation \$1M donation specifically for broadband. The approved fiber to the premise projects are within Gray Township, Morris Township, and Richhill Township and include Ryerson Station State Park. This project includes 31 fiber miles and more than 103 addresses of unserved or underserved residences, businesses and state park addresses that will have access to gigabit speed broadband.

“In the last three years, we have made significant strides in broadband installation through strong, consistent, collaboration, and partnership with Windstream, and excellent work by our own county Economic Development team. Our focus has been and will continue to be, delivering real results that improve the quality of life for the people of Greene County.” said Greene County Commissioner Betsy McClure.

We invite all media contacts and the public to attend this informational event. The Springhill Community Center is located at 1055 Deep Valley Road, New Freeport, PA 15352. For questions or to RSVP, please call (717) 201-3537

Employee Benefit Cost Control Strategies

In a constantly evolving economic landscape, employers continue to seek effective strategies to optimize their operations, including the various aspects of employee benefits. Since ensuring the well-being and satisfaction of their workforce is central to their concerns, they seek cost-saving measures that can be implemented without compromising the overall value of benefits.

The logo for My Benefit Advisor, featuring the text "MY BENEFIT ADVISOR" in white, uppercase letters on a dark blue rectangular background.

As employers approach 2023 year-end benefit planning, there are a series of steps that can be taken to fine tune their employee benefit offerings in order to achieve financial savings. By utilizing any of the methods outlined below, business owners can successfully counter the pressures of today's evolving business and economic forces to stay within their budgetary restraints while crafting an effective and robust benefit portfolio, all while maintaining a positive work environment.

Perform an Evaluation of Benefit Plans

To maximize cost savings, employers should conduct a comprehensive evaluation of their existing benefit plans. Analyzing the utilization rates, employee feedback and cost data allows employers to identify areas of potential improvement or redundancy. By eliminating underutilized or ineffective benefits, employers can redirect resources toward more impactful offerings that align with the needs and preferences of their employees.

Promote Preventive Care and Wellness

Investing in employee wellness programs and promoting preventive care can yield long-term financial savings. Encouraging healthy lifestyles, preventive screenings, and vaccinations can help reduce healthcare costs associated with chronic conditions. By providing incentives for participation in wellness initiatives and facilitating access to discounted gym memberships or wellness resources, employers can proactively mitigate further healthcare expenses.

Embrace Telecommuting and Flexible Work Arrangements

The COVID-19 pandemic has demonstrated the feasibility and cost-saving potential of remote work. By embracing telecommuting and flexible work arrangements, employers can reduce office space requirements, utility costs, and other overhead expenses. Such arrangements not only save money but also enhance work-life balance, job satisfaction and productivity, leading to a positive work environment.

Utilize Technology Solutions

Advancements in technology offer innovative ways for employers to manage employee benefits efficiently. Implementing digital platforms for benefits administration, employee communication, and self-service portals can reduce administrative costs and enhance employee engagement. Automating processes like enrollment, claims management and benefits tracking can streamline operations, eliminate paperwork, and minimize errors.

Negotiate with Benefit Providers

Employers should regularly review their relationships with benefit providers, such as insurance companies, healthcare networks and other third-party vendors. Negotiating better terms, including lower premiums or fees, can result in significant cost savings. Employers can also explore alternative providers or insurance plans to ensure they are getting the most cost-effective options without compromising the quality of benefits.

Foster Employee Education and Communication

Effective communication is vital to maximizing the value of employee benefits while minimizing cost. Employers should provide comprehensive and accessible resources that educate employees on benefit options, coverage details, and cost saving measures. Regularly engaging employees through workshops, webinars or personalized consultations can help them make informed decisions, select appropriate plans, and utilize benefits effectively.

Consider Cost-Sharing Strategies

Sharing healthcare costs with employees through co-pays, deductibles, or coinsurance can alleviate financial burdens for employers. Implementing cost-sharing mechanisms encourages employees to be mindful of healthcare expenses and seek appropriate care. However, employers should carefully balance cost-sharing with employee affordability and ensure that essential services remain accessible to all.

The Greene County Chamber of Commerce offers its members access to My Benefit Advisor as a solution for employee benefits, including voluntary offerings. For more information about My Benefit Advisor, visit our website at greene.mybenefitadvisor.com or contact Mike Galardini at (800) 377-3539.

Greene County Service Center 131 W. First St. Waynesburg, PA 15370

Dear Friends,

You are invited to join us for our annual Christmas Kettle Campaign for The Salvation Army Greene County Service Center.

To achieve this, we need the help of volunteers to man our kettles through the Holiday season.

The funds raised in the kettles at store locations will stay in Greene County to provide much needed support for those in need.

Volunteers and receiving monetary donations along with donations of food/ household items/clothing enable the Greene County Service Center to provide help to our residents that are in need with free clothing & household warehouse items, Emergency Food Boxes, Emergency Utilities/Rental/Mortgage Assistance, Emergency lodging and Disaster emergency services.

We are prepared to implement protocols again this Christmas season to ensure the health and safety of our Bell Ringers and customers and store associates.

This year there are some NEW features being added that will help us with our volunteers and signing up to ring the bells at your locations. We are excited about this opportunity for individuals and groups to have the ability to schedule dates and times at your locations. We will forward more information to you as we receive the information.

We are asking that you select a contact person to help with scheduling shifts with usually (2 people) for (2 hours shifts) to cover the (1 or 2 entrances) at any of these locations:

Waynesburg Giant Eagle, Waynesburg Walmart, Rice's Landing/ Jefferson Giant Eagle, Waynesburg Big Lots, Carmichaels Shop N Save .

We will campaign from Friday, **November 24th, 2023 to Saturday, December 23rd, 2023, on Tuesday, Wednesday, Thursdays, Fridays, and Saturdays from anytime between 11am-8pm.**

Also, we have over **300 Angel Tree**  **tags** to get adopted and help fill 300 children Christmas wishes.

If you're interested in adopting a tag or setting a tree up to give the public a chance to adopt a tag, please let me know.

Please share this letter and schedule with your local organizations; church, businesses, coworkers, clubs, family, and friends if they can help make these children's Christmas wishes by adopting tags or setting up a tree and helping ring bells this season.

Please email or text or call Bonnie and I will bring you tags, tree and or both.

Thank you for continuing to support The Salvation Army as a generous red kettle volunteer.

If your group is interested in volunteering, please contact Bonnie Davis at

BonnieJ.Davis@us.salvationarmy.org -(724-852-1479) cell is 724-833-5499

Volunteering will help make a difference for many families throughout the year.

God Bless, Bonnie Davis
