Health Care Caddy

Would you like to have your medical information in one organized place?

Have you ever gone to a doctor's appointment and forgotten what questions you wanted to ask? By the time you remember, the doctor is long gone and you're stuck still wondering.

Or

You just came from an appointment and you can't remember exactly what the doctor's instructions were?

If you answered yes to any of these questions and would like solutions, the Health Care Caddy can help.

The Health Care Caddy is a binder of specially designed forms to help you keep track of all of your health information. That way it's always up to date and at your fingertips when you need it. It is divided into sections for basic and emergency information, keeping track of levels and symptoms, questions and answers for doctors visits, copies of records and test results and legal forms related to your health.

Kathleen Dukate, RN, BSN is the creator of the Health Care Caddy. Her company, Innovative Therapeutics, LLC is a new member of the Chamber of Commerce this year. However, many

of you know Kathleen as a long time member and owner of Dukate's Lasting Impressions.

She has been able to combine the services of both businesses to offer customized Health Care Caddies to hospitals and agencies with their logo on them. These groups have been able to give these binders to their clients and incorporate the system into their existing treatment programs. So, the system can be purchased and used by an individual or by a group caring for individuals. Kathleen states "I am very fortunate to be able to work in two fields that I love: promotional products and health and wellness."

Kathleen is a registered nurse with a bachelor of sciences degree in nursing from Duquesne University. Her nursing experience includes care of patients in hospital, long term care and home settings. She missed helping people as a nurse and says it has been extremely rewarding to see the Health Care Caddy help people of all ages with a variety of health issues.

As both a nurse and a family member of patients, she has seen both sides of health care. From a nurse's perspective, when a patient has all of his/her information at their fingertips and has been keeping track of symptoms and changes in his/her condition, more effective care can be provided. And as a patient or family member you experience firsthand how much more efficiently any health situation flows.

Kathleen is looking for opportunities to speak to groups about the importance of keeping health related information organized, show the product to groups or individuals and participate in trade shows.

The Health Care Caddy is available at Southwest Regional Medical Center's gift shop and McCracken Pharmacy and online at www.healthcarecaddy.com. The system is currently in a paper based format printed by Rhodes and Hammers Printing and she is working on the electronic version with designer, Alan Laick.

Please visit the website www.healthcarecaddy.com for more information and to view a video about the product. You can contact Kathleen at 724-747-2281 or Kathleen@healthcarecaddy.com

FORCE INC., one of the Marcellus and Utica Shale's most reliable companies, has been providing top-notch oilfield services since established in 2000.

FORCE INC., formerly known as Force Trucking, was built by Bryan Force, owner/president, with one water truck. Soon after beginning Force Trucking, Bryan began adding trucks, along with a dozer to get the trucks in and out of the sites. Knowing the company was no longer a trucking company, the name changed to FORCE INC.

Today, FORCE INC. equips the oil and gas industry with trucks and equipment to build locations with 170 employees that operate in the tri-state area.

FORCE INC. offers 24-7 turnkey solutions for the booming oil and gas industry and has local expertise to provide efficient, cost-effective, and reliable oilfield services to the entire Marcellus Shale Play region.

Force Inc. has 170 employees at three locations.

For more information on FORCE INC. please go to the website www.forceincorporated.com.
