Chamber Partners with PAGasDirectory.com

We recognize the opportunities presented to local businesses in the Waynesburg area with Marcellus Shale. As the opportunities have begun to unfold, we were presented with a chance to play a vital part in facilitating the connection of local businesses with gas companies, in addition to their employees and families. We have partnered with PAGasDirectory.com, a company that is a leading online directory that connects the natural gas industry with local businesses.

PAGasDirectory.com has one singular goal - connect gas companies, their employees and families with local businesses for professional, business and personal needs.

The website is very easy to use and with a few simple clicks, many of the Greene

County businesses will appear organized by type. With the launch of this project, we will be promoting a centralized location to gas companies and their employees to connect with area businesses to fill their needs.

Our goal with this partnership is to create a win-win situation for our members and to fill a need in the gas industry at the same time. We want to make it easy to do business here in Greene County. We are hopeful you will find this partnership beneficial in helping you promote your business to the gas industry as a benefit of your Chamber membership.

How do you start? There are a number of options for you to promote your company:
