## President's Letter

June is the month to remember our Grand Old Flag. With more than three decades of state and local celebrations, Flag Day- the anniversary of the Flag Resolution of 1777 was the officially established by the Proclamation of President Woodrow Wilson on May 30th, 1916. While Flag Day was celebrated in various communities for years after Wilson's proclamation, it was not until August 3rd, 1949, that President Truman signed as Act of Congress designating **June 14th** of each year as **National Flag Day**.

This month Miss Rain Day and I attended the One Minute Milk Off sponsored by WANB and Giant Eagle, yes it is true Alyssa and I milked goats, at least we tried. The community came out to cheer for the 8 participants. Some of our fellow chamber members were among those, these included Rev. Martinez from the First Presbyterian Church, Doug Wilson with WANB and Dr. Kenneth Janson, chiropractor, Waynesburg Chiropractic Clinic. A great time was had by all.

I attended the Pennsylvania Downtown Center Conference in Gettysburg and returned with a great deal of informa-

tion about revitalization and urban sprawl. I was in attendance with Main Street Managers and Chamber of Commerce representatives from all over this wonderful commonwealth. These Pennsylvania towns were in different stages of revitalization, so I know it can be done, we just need the commitment of every business owner, every resident, and landlord.

Melody attended a one-day conference last week called Next Generation Chamber Are You Ready, sponsored by Pennsylvania Chamber of Commerce Executive Network. Among the topics discussed were, Is Your Chamber on the Right Path? Other discussions included Business Focus, and how to stick with it. The long range planning committee will benefit from this information.

The chamber calendar this month is full, we are in the beginning stages of the Miss Rain Day Pageant. The third public revitalization meeting will be held June 21st at 7 p.m. at the Waynesburg Theater and Arts Center. And don't forget the **Pirate game at PNC Park on June 22nd**. Hurry and sign up tickets are going fast, and you don't want to miss the fun!

Susan W. Stoy

### Community Bank Celebrates 100th Anniversary

*Ralph J. Sommers, Jr., Chairman/CEO Community Bank addresses nearly 200 shareholders at the banks annual meeting*

It's been said that time is truly nature's way of making certain that everything doesn't happen at once. Clearly, the past 100 years have been a steady progression of growth and success for Community Bank and its for-bearer, The First National Bank of Carmichaels. It is no small feat that aside from a change in name only to reflect our growing market, we have remained an independent, locally-owned and operated community bank. The flurry of bank mergers and acquisitions across this nation makes our 100th anniversary an especially outstanding accomplishment.

Ours is a productive partnership that teams a solid staff with loyal shareholders and a growing customer base. It requires hard work, trust, open communications, and a commitment to providing unparalleled service. Together, we have helped new and expanding businesses, answered needs of young families and have been working financial partners with our community neighbors.

## College Receives Technical Compliance Review

Waynesburg College has received notification from the PA Department of Education that the College's education department is in full compliance with Chapter 354 Technical Assistance standards.

According to Education Department Chairman Frank Pazzynski, "This review verifies that our Department is in compliance with all the State standards, which means our program, curriculum, and faculty are part of a professional educator program. The Department is proactive when creating a supportive learning environment for our current students and future teachers."

Standards evaluated included: a college mission statement to match a professional teacher philosophy; available reporting process to improve the department's programs; admissions process to support those future teachers; program design to enable students to complete the certification process in a timely manner; field experiences to integrate academic and classroom practice into meaningful learning; student teaching experiences; collaboration with the education community; and advising systems to monitor students' progress.

The College also met the standards for its professional development support of the faculty.

This fall the College will offer a new Master of Education in Technology degree. For more information contact Dr. Ann Canning at 1-888-481-6029 or [acanning@waynesburg.edu](mailto:acanning@waynesburg.edu).

## Waynesburg College Teaching Excellence Awards Presented At Graduation

During graduation ceremonies, Dr. Jack (John) Cummings, professor of Biology, and Frank Pazzynski, associate professor of Education, received the Lucas-Hathaway Teaching Excellence Awards for their outstanding contributions to the College.

Funded by the Lucas-Hathaway Charitable Trust, the Teaching Excellence Awards recognize accomplishments in two categories: faculty with a consistent history of teaching excellence and faculty who have achieved excellence in introductory courses.

Receiving recognition for a consistent history of teaching excellence specifically in upper level courses, Cummings joined the Waynesburg College faculty in 1968. He has a Bachelor of Science degree from Bowling Green University and a Ph.D. from Northwestern University. Cummings is the Chairman of the Biology, Chemistry, Geology & Sports Medicine Department. In the classroom, Dr. Cummings encourages advanced scholarship.

Under Cumming's leadership the new Marine Biology major was created, and he was involved in the development of the Athletic Training major. Cummings also chairs the faculty handbook committee. Dr. Cummings enjoys carpentry as a hobby and uses his skills to assist local Habitat for Humanity projects.

Recognized for teaching excellence in introductory courses, Associate Professor Frank Pazzynski joined the Waynesburg College faculty in 1985 and has taught at all levels at the College. He has a Bachelor and Master degrees from West Virginia University.

Pazzynski's enthusiasm for teaching is notable, and recently he presented a teaching session for adjunct faculty. He is recognized for his ability to engage beginning students and identify students who have potential as future teachers. Professor Pazzynski is active in campus ministries and the College spring musicals. He frequently accompanies his wife, Lisa, a vocalist. He plays guitar, banjo, harmonica, bass or keyboard at College functions and local community events. He recently served as a chaperone for the spring European tour with the Lamplighters. He is Chair of the Education Department.
